Sunday Stewardship Information Update

Greetings All,

Hope all is well. First of all, I would like to Thank You All for being an active part of our Sunday Worship Service. It is truly a blessing to us all.

The intent of this correspondence is to provide information to make your service to the Lord at Sunday Services a little clearer.

Greeters: Please arrive by 10:45 am to ensure we are in place by the time folks start arriving. Please remain at the doors until after the Call to Worship. SMILE !!!! You are the first person that our Church Family and Visitors see.

Communion: Pastor Wes will inform the Communion Assistant of the duties involved. SMILE!!!

Ushers : When Pastor Wes starts discussing the Offering move to the back of the appropriate aisle (discuss positions prior to start of service with the other Usher) When Pastor Wes moves to the railing, walk to the altar together and accept the Offering Plates. Take the collection and return to the railing. Watch Pastor Wes for his visual instructions. Ushers shall also be aware of the needs of the attendees as to seating requirements and assist those in need of seating, especially at times when the Church Attendance is high. Good problem to have. We will work on Communion procedures.

Readers: Pretty straight forward. Praise God's Word. SMILE !!!!

Nursery: Take care of God's Little Children. This is a subject we are in the process of discussing, as to our ability to continue this function. We want to be able to provide this valuable mission, but it depends on the number of people that want to become part of the program.

General: A 6 month schedule is being generated and will be forthcoming soon. It is important that if for some reason you are not able to perform your specific obligation for Sundays' Service that you contact either myself or Barb Johnson **AS SOON AS YOU ARE AWARE OF YOUR SITUATION. THIS PROCESS HAS NOT BEEN WORKING IN THE PAST. WE ALL NEED TO DO A BETTER JOB AT COMMUNICATING.** Barb does a great job doing last minute coordination, but we should do a better job of communicating so we ensure all our obligations are met.
